POWERWALL™

COMPOSITE SIDING

The beauty of wood, for the life of your home.

Introducing The PowerWall™ Home.

Ultra-wide panels more than double the span of cedar and fiber cement – 50% fewer seams

Natural-Looking Beauty

PowerWall™ Composite Siding invites comparison with real wood siding.

- The natural cedar grain look says “this must be the real thing.”
- Wideboard planks match the look of popular wood siding

Rigid core backing bridges and straightens wall imperfections

PowerWall™ siding

Vinyl siding

PowerWall Solid Core

300% more impact resistant than vinyl siding

Exceptional Performance

The PowerWall™ rigid core backing system fortifies corners and windows – areas most vulnerable to heat loss and damage.

- 300% more impact resistant
- Virtually maintenance-free
- Never needs painting!

*Quality core backing supplied by PROGRESSIVE FOAM TECHNOLOGIES, INC.

†Perform Guard is a termite resistant product, not a barrier system. It should be used in conjunction with a total insect management program from a reputable pest control operator.

When correctly installed, POWERWALL SIDING can help meet the performance guidelines of an ENERGY STAR qualified new home.

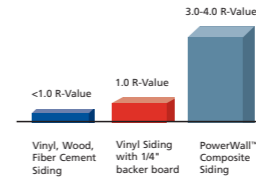

Ordinary Vinyl Siding Home

INSULATING VALUE COMPARISON

THERMAL CONDUCTIVITY COMPARISON

Exceptional Performance

Performance Purple rigid core backing* includes Perform Guard®† to help repel termites and carpenter ants.

PowerWall™ Composite Siding gives you the BASF difference! The Pioneering BASF Luran S® formulation is the “skin” that locks out weather, wind, sun and time and locks in the vivid color and natural beauty.

‘We don’t make a lot of the products you buy; we make a lot of the products you buy better!’

AN EXTRAORDINARY LIFETIME PROMISE

20% ENERGY PLEDGE
If your home doesn’t realize a 20% improvement in energy savings in the first year, we’ll pay the difference.

YOUR POWERWALL™ PROTECTION PLAN IS GOOD FOR THE LIFE OF YOUR HOME, AND IS TRANSFERABLE TO FUTURE OWNERS.
