Dear Sirs,

We had siding installed on our home on July 18, 2011 by an outstanding group of young men. Mr. Kenny Han (not sure of the spelling) was the crew leader and they did a magnificent job. We were impressed with them as soon as they arrived. They got out of their trucks and started setting up equipment with hardly a word being spoken by Kenny; something you don't see from a lot of folks today. They worked in temperatures as high as 102 degrees much of the day, starting before 8:00 A.M. and ending at approximately 8:30 P.M. We never expected them to finish in one day, but they did. They did a really beautiful job.

You have a very good group of hard workers employed by your company. We would specifically request them if we ever needed any more siding work done. Hold onto this crew. Workers as dedicated as this are often hard to find.

Sincerely,

A handwritten signature in cursive script that reads "John & Jeanne Hoy". The signature is written in dark ink and is positioned above the printed name.

John & Jeanne Hoy
