Dear "Power People",

On Monday, June 6, 2011 I had four replacement windows put in my kitchen and dining areas...WOW!

My installer was Jason Tasker. He and his partner were so professional and courteous.....but, mostly, true craftsmen. The job was done in a very methodical manner. Their work was done in a very neat manner....and, they certainly left my home very clean. I have to say, even the windows were clean! The good news is that it only took me one hour to clean all four windows! WOW!!

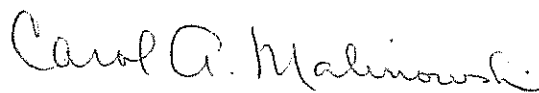

I am so glad I chose Power Windows.....I really don't know what I waited for! I am looking forward to many years of enjoyment with my new windows.

I certainly know who to call when I need any more work done. Your company sure does know how to run a business! Thank you!

Thank you, Jason....and, your wonderful partner! Both deserve a pat on the back for "A JOB WELL DONE"! (I am very sorry that I can't remember the partner's name off hand...please let him know it's just a senior moment...he was terrific! I hope you will be able to identify him through Jason. He also deserves recognition.

Thank you, again for such a pleasant experience....and, an installed product I am so confident will give me years of enjoyment.

Very sincerely,

Carol A. Malinowski
