Manufacturers Certification Statement for Tax Credit 2011

Northeast Building Products Corporation is headquartered at 4280 Aramingo Avenue, Philadelphia, PA. 19124. Northeast Building Products manufacturer's windows that qualify for Energy Star see list below along with the options needed to qualify.

On December 17, 2010, President Obama signed the Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010. This law extends the tax credits for energy efficiency into 2011, BUT at lower levels. The levels revert back to those in effect in 2006 and 2007, which were 10 % of the cost of the improvement, up to \$ 500, with a \$ 200 max for windows, and several other set maximums.

To qualify for the tax credit the windows must be installed in your principle residence between January 1, 2011 and December 31, 2011.

Highlights:

- \$500 lifetime limit. If you got over \$500 in these tax credits from 2006-2010, you are not eligible for anything more.
- 10% up to \$500 for insulation, roofs, and doors.
- Windows capped at \$200, must qualify for Energy Star.

The following models and options meet this requirement:

<u>Series</u>	<u>Model</u>	<u>Options Required</u>
SL2700	All Models	Low "E"/Argon Gas

The following guidance is not intended as legal advice, and you should consult a tax professional with specific questions.

Under penalties of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the facts are true, correct, and complete.
